The Jazz Gallery – Where the Future is Present

The Jazz Gallery, founded in 1995 by Roy Hargrove, Dale Fitzgerald and Lezlie Harrison, is America's premier performance venue for emerging international artists who challenge convention, take creative risks and lead their field as performers, composers and thinkers. Through residencies, workshops, and exhibitions, we provide a platform for artists to discover their unique voice and a home for established musicians to continue to experiment and grow. The Jazz Gallery has earned the reputation as "the most imaginatively booked jazz club in New York" according to the NY Times and is the three-time recipient of the prestigious CMA/ASCAP Award for Adventurous Programming (2016, 2014 & 2010).
